How can WEConnect International and its member buyers support women-owned businesses in the next 1-3 months?

I was able to pivot my business by designing packaging for ventilator parts and supply materials for vaccine set ups.

Our biggest success was reinventing our services when the country was on full lockdown. Our service was face-to-face but we still knew that clients had to continue making content. We offered and advertised services where we could direct talent remotely and do recordings over Teams/Hangout/Zoom and then do the post-production from those recordings.

The pandemic has highlighted the need for my work in taking action to improve mental health by building skills to boost resilience.

I managed to carry out 34 farm visits digitally, gaining insight into how the farms are working even without seeing them for myself.
