### Summary

The Instructional Designer is responsible for leading the design and development of engaging learning modules and working directly with clients to create the scope of learning efforts. This encompasses validating needs, leading the design and development curricula, deployment and sustainment of all training materials and programs for WEConnect International clients. Uses adult learning theories and concepts, instructional design theory and methods in the creation of content in both asynchronous and synchronous platforms. Responsible for building engaging and impactful learning materials, following the ADDIE model, within the constraints of time and scope. Effectively uses WEConnect Academy, our state-of-the-art learning management system, to deliver impactful learning programs and provide timely reporting. Communicates project status as required to internal and external customers.

### Instructional Designer and eLearning Developer

- Designs and develops curriculum using multiple asynchronous and synchronous training modalities (eLearning, micro-learning, blended learning, in-person, live virtual).
- Putting the learner at the center of the training experience, is responsible for the analysis, design, and development of curriculum.
- Uses technical skills, creativity, and experience to come up with new and innovative ideas to develop engaging, interactive, and memorable learning experiences.
- Builds learning content design templates and processes.
- Ensures consistent style, formatting, and branding on all material.
- Leads efforts to utilize eLearning to maximize learning retention as well as system benefits.
- Ensures seamless integration of eLearning technology with instructor led training and other modalities to create an effective learning environment.
- Maintains ongoing knowledge of learning best practices, technologies, and techniques.
- Audits classes and training sessions to ensure appropriate flow of materials and makes corrections, changes, and suggestions (as appropriate).
- Serves as a system administrator for WEConnect Academy, our learning management system (Absorb), in testing and loading eLearning curriculum, managing learner registrations, records, and reports, and supporting the development of processes in establishing consistent use of LMS.
